

Electronics Projects

Explore all electronics projects from simple electronics projects to high-end MCU and IoT projects. These projects belong to a wide range of categories such as Embedded, Power Electronics, Analog, Digital Electronics, Audio and Internet of Things. The below list of electronics projects contains 1200+ projects come under various electronics engineering domains.

If you want more projects, you can also check out our collection at [Arduino IoT Projects \(https://circuitdigest.com/internet-of-things-iot-projects\)](https://circuitdigest.com/internet-of-things-iot-projects) | [Arduino Robotics Projects \(https://circuitdigest.com/robotics-projects\)](https://circuitdigest.com/robotics-projects) | [Arduino AI Projects \(https://circuitdigest.com/ai-projects-and-tutorials\)](https://circuitdigest.com/ai-projects-and-tutorials) | [Arduino Home Automation Projects \(https://circuitdigest.com/home-automation-projects\)](https://circuitdigest.com/home-automation-projects) | [Raspberry Pi Projects \(https://circuitdigest.com/simple-raspberry-pi-projects-for-beginners\)](https://circuitdigest.com/simple-raspberry-pi-projects-for-beginners) | [ESP32 Projects \(https://circuitdigest.com/esp32-projects\)](https://circuitdigest.com/esp32-projects)

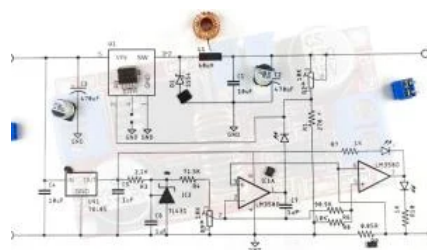

(/microcontroller-projects/esp32-air-quality-monitor)

August 11, 2026

How to Build an AI-based Air Quality Monitoring using ESP32

(/microcontroller-projects/esp32-air-quality-monitor)

Air is a necessity for us human beings, so monitoring it is important. Air quality is monitored in terms of the Air...

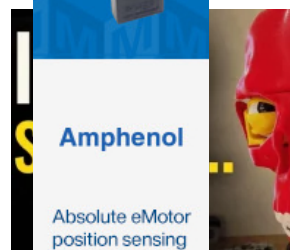

(/electronic-circuits/diy-xl4015-dc-dc-buck-converter-module)

July 7, 2022

DC to DC Converter with Constant Current (CC) and Constant Voltage (CV) Control - Schematics, PCB, Parts List, and Working (/electronic-circuits/diy-xl4015-dc-dc-buck-converter-module)

In this article, we will be learning about the features and working of the XL4015, which is a 5A 180KHz 36V Buck DC to...

(/microcontroller-projects/iot-indoor-weather-station-using-circuitdigest-cloud)

July 30, 2026

How to Build an IoT Indoor Weather Station Using CircuitDigest Cloud

(/microcontroller-projects/iot-indoor-weather-station-using-circuitdigest-cloud)

"Is it going to rain, or should I leave the windows open?" we would have asked ourselves numerous times. Now the...

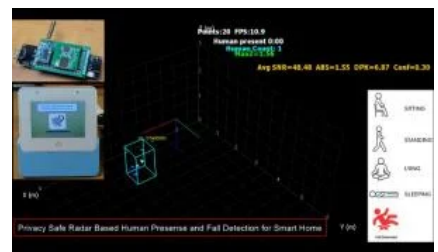

(/electronic-circuits/300w-pure-sine-wave-inverter-circuit)

May 27, 2022

Build a 300W Pure Sine Wave Inverter

(/electronic-circuits/300w-pure-sine-wave-inverter-circuit)

Nowadays we can't even imagine a world without power. Even an intermittent power failure is...

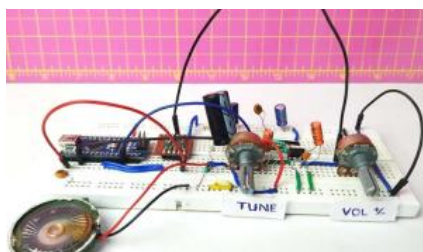

(/microcontroller-projects/privacy-safe-radar-based-human-presence-monitoring-and-fall-detection)

January 17, 2026

Privacy Safe Radar Based Human Presence and Fall Detection

(/microcontroller-projects/privacy-safe-radar-based-human-presence-monitoring-and-fall-detection)

By Pratyush Gehlot Falls are a leading cause of injury among elderly and mobility-impaired individuals living alone....

(/microcontroller-projects/arduino-fm-radio-using-rda5807)

January 7, 2020

Arduino Based FM Radio using

RDA5807 (/microcontroller-projects/arduino-fm-radio-using-rda5807)

Today almost everyone uses their mobile phones to listen to music, news, podcasts, etc. But not long ago we were all depending...

(/microcontroller-projects/esp32-wall-climbing-robot)

July 24, 2026

We Built an ESP32 Wall Climbing

Beetle Robot (/microcontroller-projects/esp32-wall-climbing-robot)

We can see wall-climbing robots from hobby-level to serious problem-solving ones that are used for inspection,...

(/microcontroller-projects/iot-no-parking-alert-system)

July 23, 2026

AI-Based No Parking Alert System

using ESP32-CAM (/microcontroller-projects/iot-no-parking-alert-system)

In modern day, the need for surveillance systems is increasing rapidly. We have a lot of recognized brands that offer...

(/microcontroller-projects/arduino-round-segment-neopixel-clock)

(/microcontroller-projects/iot-pet-

vision-based-robotic-assembly-using-mechrrm270-and-jetson-nano)

July 21, 2026

Building a Machine Vision-Based Robotic Assembly System Using MechArm 270 and Jetson Nano (/microcontroller-projects/machine-vision-based-robotic-assembly-using-mechrrm270-and-jetson-nano)

Industrial automation has revolutionized manufacturing by making production faster, more accurate, and highly...

March 2, 2020
Arduino Round Segment NeoPixel Clock (/microcontroller-projects/arduino-round-segment-neopixel-clock)
Digital clocks are one of the most popular Arduino projects, and most of them use traditional seven-segment displays to show...

tracking-system-using-circuitdigest-cloud)
July 15, 2026
How to Make an IoT Pet Tracking System with GPS and Geofencing (/microcontroller-projects/iot-pet-tracking-system-using-circuitdigest-cloud)
"Where did my pet go?" If you have a pet, you've probably asked this question at least once. One moment they're playing...

DigiKey

FEATURED PRODUCTS FROM DIGIKEY

(<https://bit.ly/453eiXF>)

RF Connectors and Adapters (<https://bit.ly/453eiXF>)
Precision-engineered SMA, N-type, BNC, and TNC solutions for reliable RF connectivity.

(<https://bit.ly/4yMIsMx>)

TFOS Series Automotive-Grade 260 W Resistor (<https://bit.ly/4yMIsMx>)
Power up your design with Bourns® TFOS

(<https://bit.ly/4yHC9ts>)

ECS-TXO-2520 HCMOS SMD TCXO (<https://bit.ly/4yHC9ts>)
ECS-TXO-2520 SMD HCMOS 3.3V TCXO is ideal for wireless IoT applications where stability is critical.

Würth Elektronik EMC Products (<https://bit.ly/4fJ4tmK>)

The EMC product range includes PCB and Cable ferrites, inductors, capacitors, and more...

(<https://bit.ly/4fJ4tmK>)

HDA1500 Series 1.5 kW Programmable AC/DC Power Supplies (<https://bit.ly/4wEIFQw>)

1.5kW programmable power supply offers 12V-400V outputs, high efficiency, multiple digital protocols

(<https://bit.ly/4wEIFQw>)

RL78/G16 16 MHz MCU for Capacitive Touch (<https://bit.ly/4pV9bm8>)

Optimized with highly sensitive cap touch sensors, extensive peripheral circuits and 125°C operation

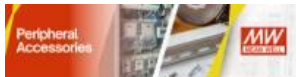

(<https://bit.ly/4pV9bm8>)

High-Performance Safety-Certified Capacitors (<https://bit.ly/3Tr364E>)

Ideal solution for ensuring safe operation of high-power AC/DC converters

(<https://bit.ly/3Tr364E>)

MEAN WELL Peripheral Accessories (<https://bit.ly/4c78QGx>)

MEAN WELL Peripheral Accessories are designed to fulfill customers' one-stop shopping requirements.

(<https://bit.ly/4c78QGx>)
